01 · THE PROBLEM المشكلة

So many questions, so little time.

01

Too much mixed advice

Family, friends and social media often say different things, and it is hard to know who is right.

02

Hard to track what’s due

Scans, tests and vaccines happen at different weeks and months. It is easy to forget one.

03

Not sure when to worry

Many mothers don’t know which signs are normal and which mean “call the doctor now”.

WHY THE NAME سر الاسم

Kido Care

“Kido” comes from *kid*: the little one at the heart of every family. “Care” is what a mother gives every day, and what the site helps her give. The logo shows a mother holding her baby inside a blue ring, with a heart for love and a medical cross for health.

Thank you.
