THE PROBLEM المشكلة

Too many shops, too many tabs

Buying a laptop or a headset means jumping between shops and pages to compare prices, specs and reviews. It is easy to lose track of what you liked, and the checkout is often long.

OUR SOLUTION الحل

One simple shop

Eyad Store puts 24 electronics in 5 groups on one page, with price, rating and a short spec for each. Filter, search or sort, tap the heart to save, and check out with just 4 boxes to fill in.
