SPORTS · LANGUAGES · QUIZ

NEO CHALLENGE

ONE APP, THREE DAILY HABITS.

Train your body, grow your languages and sharpen your mind: pick a challenge, do one short activity, and come back tomorrow.

01 · THE PROBLEM المشكلة

Three habits, three adult apps.

Scattered

A fitness tracker for the gym, a language app for words, a quiz app for trivia. Effort split three ways never becomes one habit.

Made for adults

Most apps are full of ads or paywalls, and are overwhelming for a 12-year-old.

No plan

Following YouTube workout videos has no levels, no structure and no way to remember what you joined.

WHO IT'S FOR لمن هذا التطبيق

Students first, and the adults around them.

01

Students aged 12–18

Short daily goals in sports, languages and general knowledge, all in one place.

02

Teachers

A free tool to recommend, and Easy / Medium / Hard levels for class-vs-class quizzes.

03

Parents and schools

Something free and safe to point students to, with no adult account needed.

04

Clubs and language centres

Exercise videos and leveled sentences to use in training sessions.

OUR SOLUTION الحل

Pick it. Do it. Tick it.

1

Pick

A habit and a challenge: sports, a language, or the quiz. Then press “Start challenge”.

→

2

Do

One short activity at your level: a workout video, a sentence read aloud, or 10 questions.

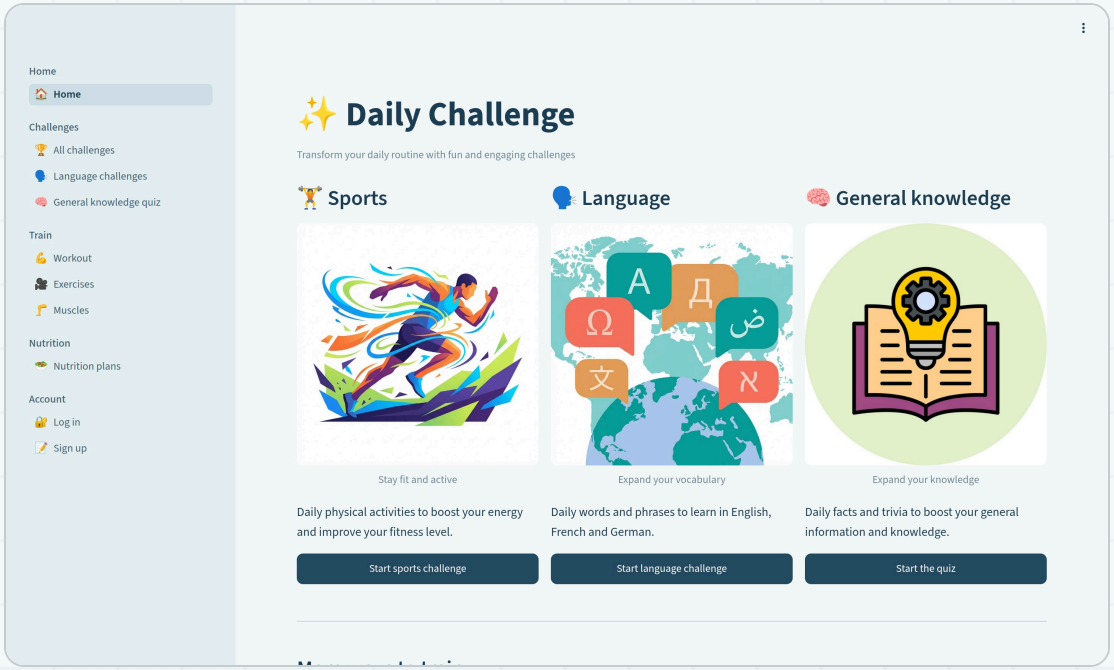

→

3

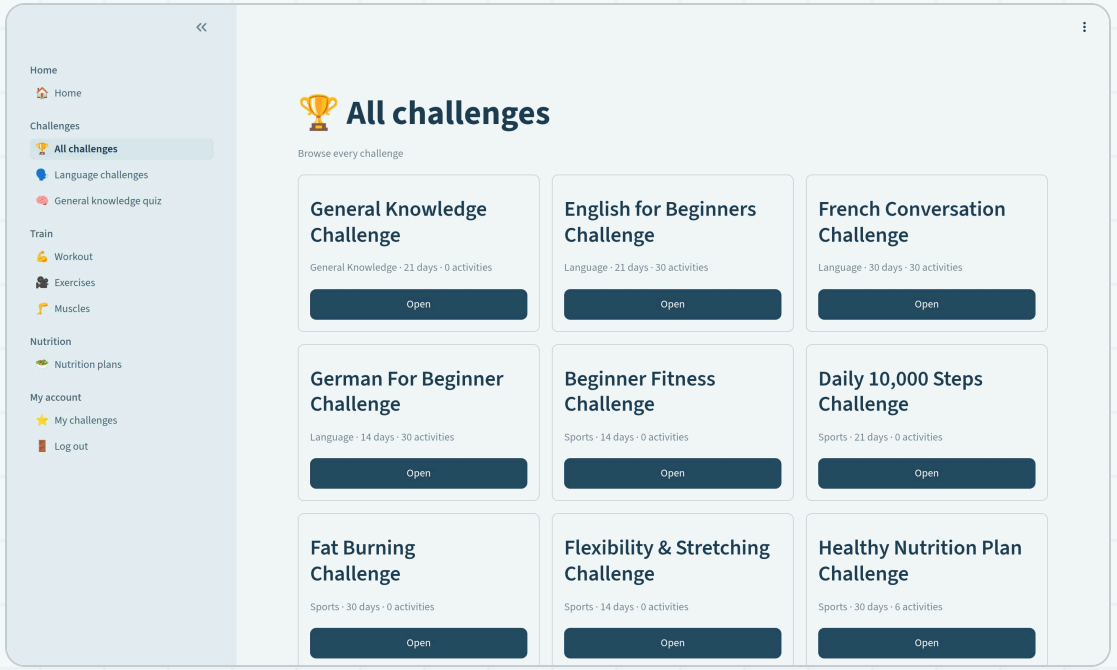

Tick

Tick it Done and watch the bar fill on “My challenges”. Come back tomorrow.

Three doors on one home page.

Home: Sports, Language and General knowledge, one button each.

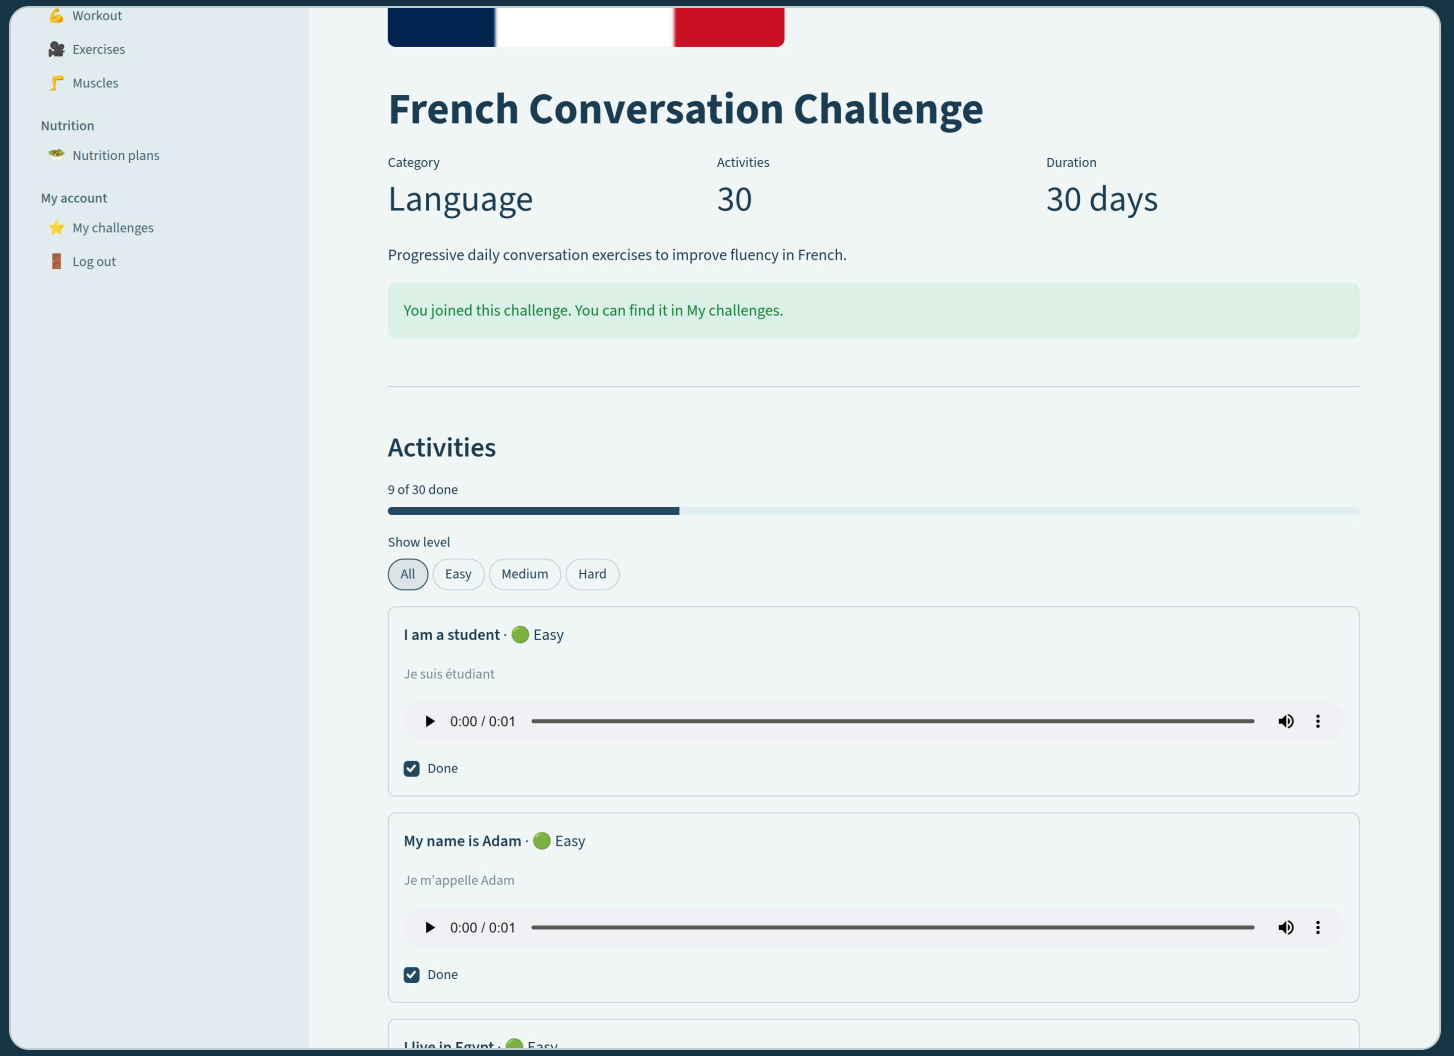

All challenges: 12 cards with category, days and a live activity count.

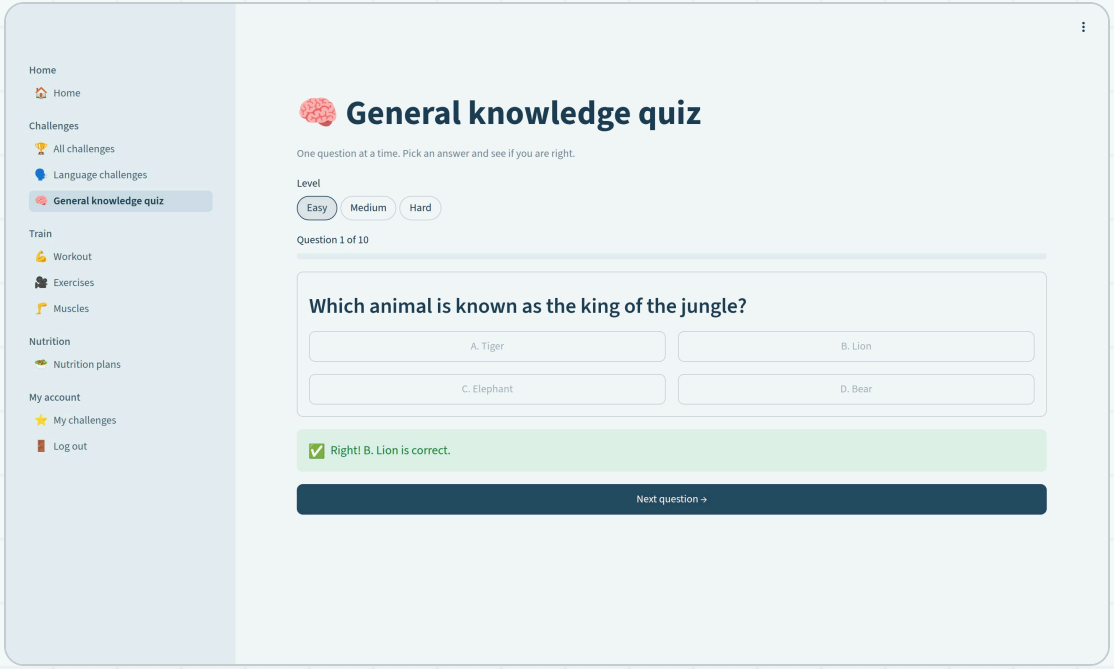

02 · DEMO عرض

Hear it, then tick it.

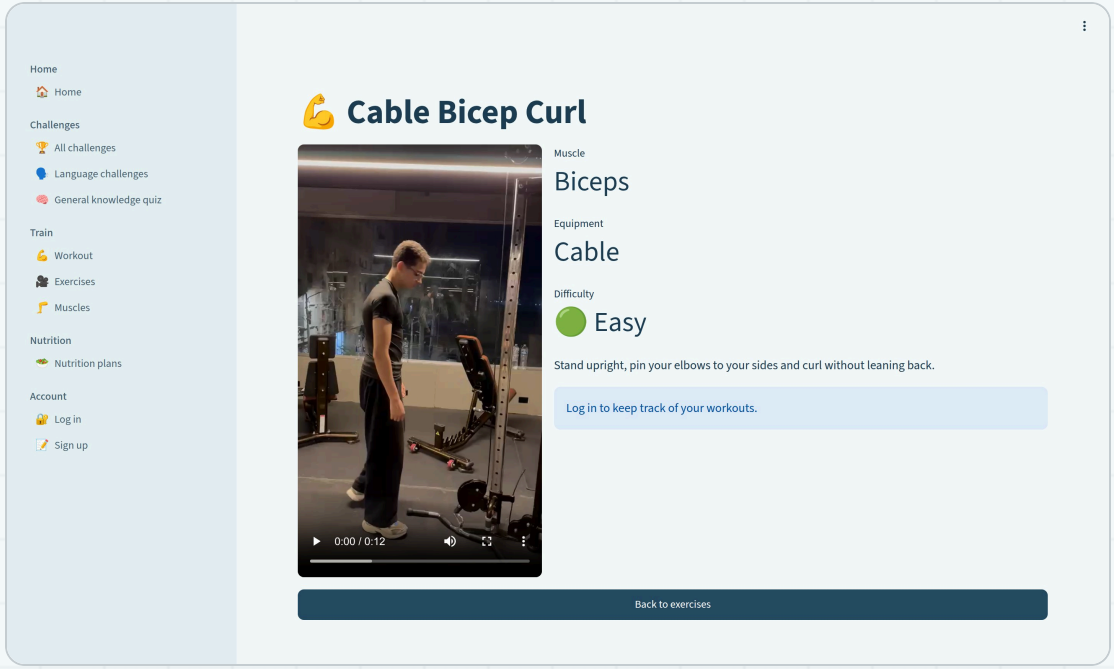

- **Join with one button**
  “Start challenge” saves it to your account.
- **Choose your level**
  🟢 Easy, 🟡 Medium or 🔴 Hard, 10 sentences each.
- **Listen**
  Every French, English and German sentence has its own audio clip.
- **See your progress**
  “9 of 30 done”, counted live from what you ticked.

A quiz and a workout.

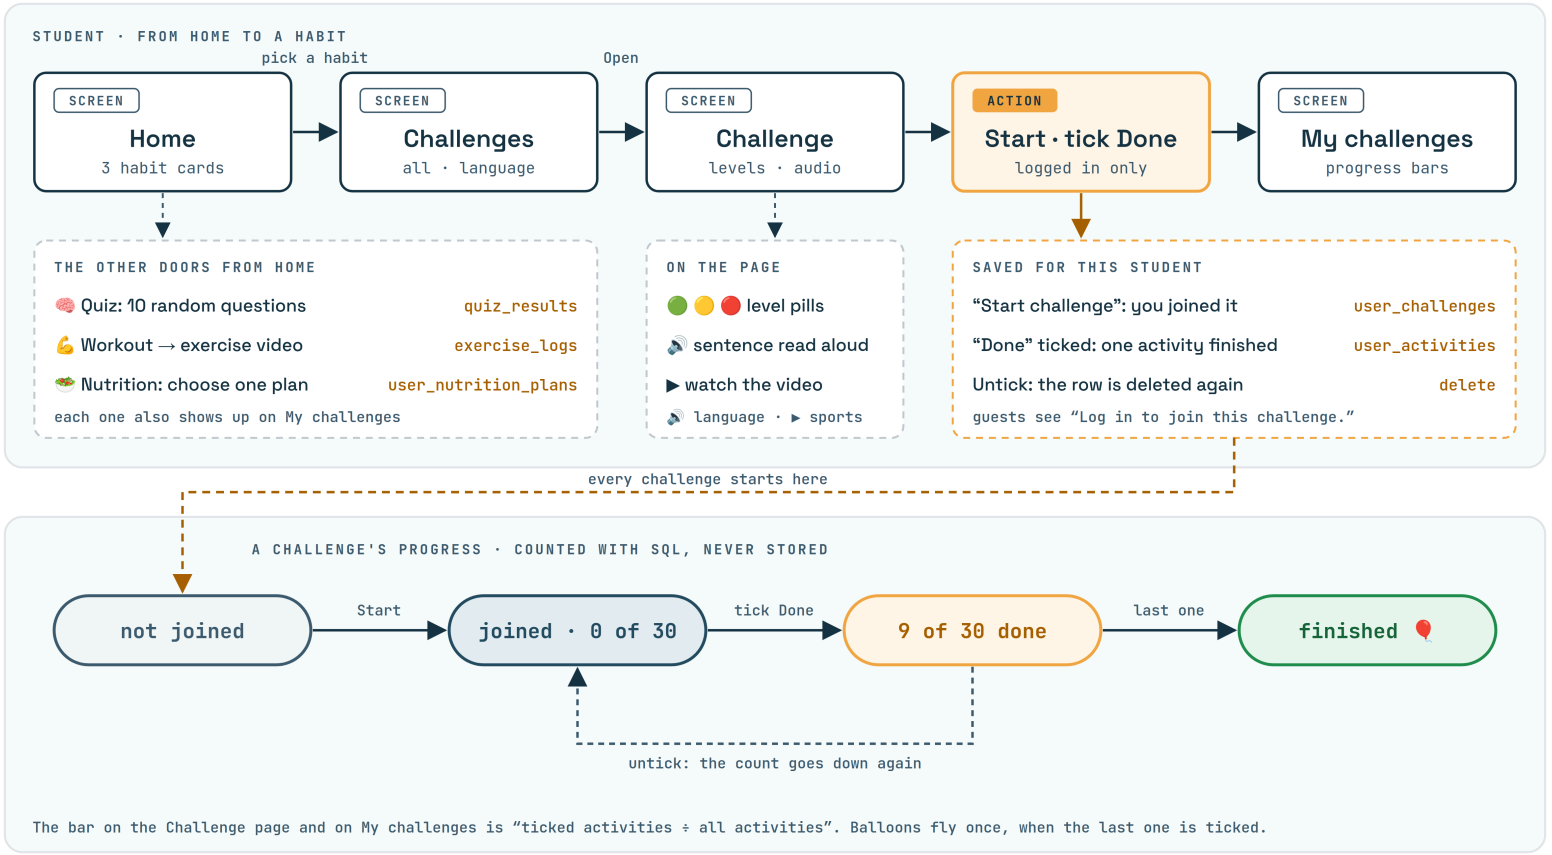

Quiz: 10 random questions, one at a time, right or wrong straight away.

Exercise: the muscle, equipment, level and a demonstration video.

Progress is counted, never typed in.

108 activities in 12 challenges

90 audio clips, made once with gTTS

3 progress tables: ticks, workouts, quiz scores

Built so a beginner can read every line.

HOW THE MENU IS BUILT

EVERY RERUN

app.py runs first

Creates the tables if they are missing, fills an empty database, then builds the menu.

↓

SESSION

Who is here?

"user_id" in st.session_state?
st.session_state.is_admin?

↓

ST.NAVIGATION

Only allowed pages go in

A page that is not in the menu cannot be opened at all.

> The first person to sign up becomes the admin. The Challenge and Exercise pages are always there but hidden: buttons open them.

1 library to install: Streamlit

0 classes: plain variables, ifs and loops

20 screens, one short Python file each

12 SQLite tables, from users to quiz scores

Python + Streamlit for the screens · SQLite for challenges, activities and progress · plain SQL in each screen.

Thank you.
